BE NATURAL, BE FREE!

Every two seconds a forest area - sizing a football field - is destroyed!
We believe in developing a Sustainable Chemistry as we believe that
the respect for the environment is part of our responsibility.
With a few simple, everyday efforts you can help us to reduce pollution,
consume less energy and water and produce less waste:

- Download our brochures from our website
- Spread the information to your customers through Internet and @mail
- Print brochures only if really necessary choosing Recycled Paper
