

Manual Press Mod. TS BASE

TS Base is the new Siser manual heat press. It is stable, versatile, light, but resistant and simple to use. With its clam opening you can work even in narrow spaces and move it easily. Pressure is manually adjusted, time and temperature are electronically set.

Technical data:

Model BASE
Power 1800 W
Voltage 220 V
Weight 30 kg
Plates dimensions cm 38x38
Max temperature 221°C
