

## 1. description of item production and manufacture

**Trade name:** ORAJET® 3959

**Use:** digital printing film

### **manufacturer**

Orafol Europe GmbH

Orafolstrasse 2

D - 16515 Oranienburg

Tel.: + 49 03301 864 0

Fax.: + 49 03301 864 100

E-mail address: p.kanert@orafol.de

### Emergency Telephone

Information centre for symptom of poisoning Berlin + 49 030 19 240

## 2. possible dangers

**risk to human beings and environment:** none

## 3. composition / information about components

### **chemical characteristics**

pvc-film

polyacrylate adhesive

silicone - coated paper

### **Dangerous contents**

Do not contain hazardous substances neither substances of the "Candidate List of Substances of Very High Concern for authorisation" ECHA (REACH) concentration >0,1 % (w/w) (Relating: film + adhesive)

\* The original components which are used in the formulation of these products form the basis of evaluation. This statement refers to the condition when leaving the factory ORAFOL Europe GmbH in Oranienburg.

This information is based on our current knowledge and practical experience. It cannot be excluded that minor traces are included in the materials due to contamination of single raw material components which cannot be avoided from the technical point of view. Routine analyses of our products concerning contents of the above-mentioned components are not carried out. For factors which are beyond our knowledge and control any guarantee and liability cannot be accepted.

The statement refers to our current production. Old stock could deviation from the assessment.

#### 4. recommendations for first medical aid

##### general information

after inhalation	none
after contact with the skin	none
after contact with the eyes	none
after having swallowed up	none
special information for the doctor	none

#### 5. recommendation for fire fighting

**suitable fire extinguishing media** all types

##### fire extinguishing media which are not suitable for safety reasons

None

##### special danger by the material itself and from combustion products

hazardous decomposition products at flame temperature: carbon dioxide, carbon monoxide. PVC-films develop gaseous HCl at flame temperature.

**special protecting equipment** none

**additional information** none

#### 6. recommendations in case of unintentional escape

**recommendations in respect of persons:** none

**recommendations regarding environment:** none

**recommendatin for cleaning:** none

**additional information:** none

#### 7. handling and storage

##### information for use with danger

none

##### information regarding fire prevention and explosion

none

##### requirements to storage places and storage containers

none

##### further information

none

#### 8. limitation of exposition and personal protective equipment

##### supplementary information regarding construction of technical plants

none

### contents regarding working place and threshold values that have to be supervised

not applicable

### personal protective equipment

breathing protection

not necessary

hand protection

not necessary

eye protection

not necessary

body protection

not necessary

hygiene recommendatin

as usual regarding working place

## 9. physical and chemical properties

### phenotype

appearance

solid

colour

white and transparent

odour

none

### data regarding security

pH-value

not applicable

boiling point

not applicable

melting or fusing point

not applicable

flash point

not applicable

flammability on solid bases

not applicable

flammability of gases:

not applicable

flammable temperature

not applicable

spontaneous ignition of the solid

not applicable

spontaneous ignition of the gas

not applicable

properties assisting inflammation

not applicable

danger of explosion

not applicable

limits of explosion

not applicable

consistency/density

not applicable

water solubility/fat solubility

not applicable

viscosity

not applicable

## 10. stability and reactivity

conditions to be avoided

not applicable

substances to avoid

not applicable

dangerous decomposition of products

none in case of appropriate use

## 11. information regarding toxicology

**acute toxicology**
**classification limit LD<sub>50</sub>/LC<sub>50</sub>-value**

oral	not determined
dermatologic	not determined
inhalative	not determined

**irritating effects**

to skin	not applicable
to eyes	not applicable

**sensitizing effects**

look to general remarks

**experience from the practical use**

experience classification	not applicable
other experience	not applicable

**general remarks**

Due to generally increasing allergic influences direct contact to the tacky surface should be avoided as far as possible as specific reactions to human skin cannot be excluded.

**12. information regarding ecology**

<b>information regarding elimination</b> (product life and decomposition)	not determined
environmental properties	not applicable

**eco- toxic reactions**

aquatic effects	generally speaking no danger to water (self classification)
additional ecologic informations	none

**13. information regarding recycling**

**recommendation** : waste class similar to household waste, is to be recycled according to the local regulations

**14. information regarding transportation**

**additional information:** *not classified as a dangerous product in respect to transportation regulations*

## 15. prescription / instructions

Comply with regulation RoHS Compliance EU Directive 2011/65

\* The original components which are used in the formulation of these products form the basis of evaluation. This statement refers to the condition when leaving the factory ORAFOL Europe GmbH in Oranienburg.

This information is based on our current knowledge and practical experience. The statement refers to our current production. Old stock could deviation from the assessment.

No dangerous product / composition in respect to the classification of risks EEC No: 594/91 dated 4.3.91 is stuck to, also No: 67/548 (very toxic materials).

H phrases: none

P phrases: none

**National regulations:** Germany

Water hazard class – no hazardous for water.

## 16. other information

All information given in this certificate is based on our current knowledge and experience; the figures and individual information do not describe any technical data of a product and do not constitute a warranty of properties as defined by technical specifications.
