

▪ Applications

• Road Shop Eye Catching

• Indoor Vivid Effect

▪ Structure

▪ Concept

- Specially Designed Backlit Film (Maximized Light Diffusion Effect)
- Brighter Image with Strong Visibility
- Easy Installation & Easy Removability by Silicone Removal Adhesive
- No required Sky Crane by indoor Installations (Save Cost & Time, Ensure Safety)

▪ Spec & Features

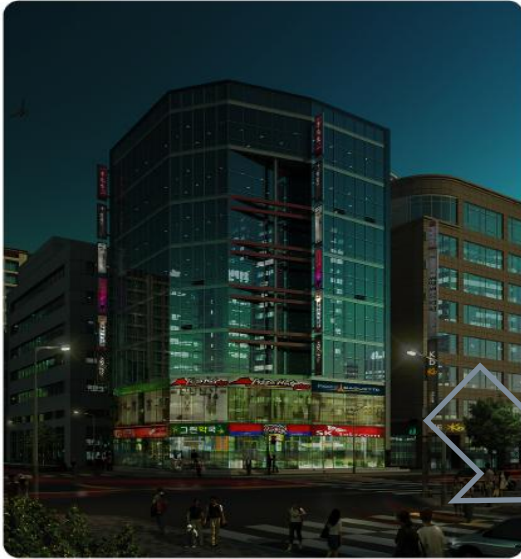

- Base Material : Polyester
- Thickness : 140 μ m (with adhesive)
- Width : 1270/1370/1520mm
- Durability : Short term Use (Less than 1 year)
- Excellent printing performance (Latex, UV)

▪ Characteristic

Property	Unit
Base Film	PET
Thickness(with PSA)	100 μ m
Tensile strength	$\geq 3.0\text{kg/cm}^2$
Elongation	$\leq 10\%$
Adhesion (24hrs, SUS)	$\leq 300\text{g/in}$

▪ Additional Applications

• Day Off Advertisement (Value Added)

• Indoor Advertisement
