bergertextiles

be.tex® SEG Display FR

Art.No. 4451-XXXX-26-BE

Description

Your low-cost alternative for light boxes where good fluoroscopy and intensive colours are important. It is ideal for blow-up advertising, beanbags, light boxes, aluminium frames and much more. Important: Run a print test! Many factors influence the textile during printing and application. All technical data were determined according to the current state of measurement technology and reflect the values of the measurement sample. Despite the highest quality standards, there may be production deviations – all information are legally non-binding and without guarantee.

Main Application
